

# The Complete Elimination of the Negative Energy on the Earth and in the whole Universe

## ABOLITIO

[a b o l i : t s i o:]

The 'ABOLITIO' Code is one of the most important Origin Codes. By using this code, we lovingly and gratefully provide help, by our own volition, for the great task, being carried out by the Archangel Michael, the Internacionale and other positive forces, to accomplish the complete elimination of the Negative Energy here on Earth and in the entire Universe. The success of this crucial task is essential for us all, because every destructive, bad, evil and excruciating event, thing or situation, private or societal, is initiated and caused by the Negative Energy.

*When the Negative Energy ceases to exist, then we all will live without negative thoughts, actions and events, without wars, illnesses, death, poverty, hatred, viciousness and other miserable conditions torturing us at present.*

*When the Negative Energy ceases to exist*, then the Cosmic Light and Love Energy will be present everywhere and help us attain full happiness, excellent health and great abundance.

*When the Negative Energy ceases to exist*, a beautiful, paradisiacal life awaits us all here on Earth, and everyone everywhere in the whole Universe.

Through using this code, we can give significant contribution to the heroic, uplifting, system- and life changing work which is being implemented by the Archangel Michael, the Internacionale and the positive forces, for the great benefit of us all. Every one of us, without exception, can provide tremendous help for this momentous work which is **the complete elimination of the Negative Energy, and its transformation into Positive Energy when and where it is possible.**
