Portfolio of Thoughts

Lt.Col. Allen West

“History is not there for you to like or dislike; it’s there for you to learn from.

And if it offends you, even better, because then you are less likely to repeat it.

It’s not yours to erase; it belongs to all of us.”

Time of Deceptions in

NEW ZEALAND?

We, all Kiwis in New Zealand should, of course, be very grateful that there are many things in our society that still work. Although, all those things have been the achievements of previous generations, and previous governments. And now many of them are being destroyed, step by step...

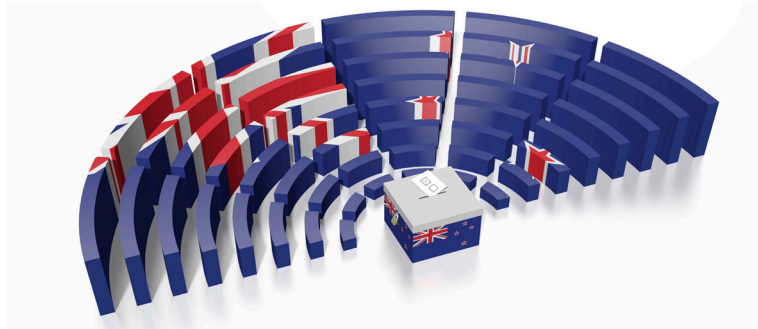

At this point of time the majority of New Zealanders are frustrated, angry, and hurt for many reasons. The politics of the recent government leads the country at an ever-faster pace towards bigger and bigger poverty, tensions, racism and deep abyss on several levels.

NEW ZEALANDERS HAVE BEEN THOROUGHLY DECEIVED BY THE RECENT GOVERNMENT, AND EVEN BY PREVIOUS GOVERNMENTS!

The list of the deception committed by the recent government is long...

DECEPTION I

The election promises have not being kept!

DECEPTION II

1. **Selling New Zealand out to foreigners and to the wealthy elite**
2. **Destroying farming**
3. **Destroying businesses**
4. **Creating tension and RACISM in the society!**
5. **Lying enormously about vaccines, viruses and masks!**
6. **Making the lives of the people crippled and nearly impossible by further lowering the standard of living, which was low to begin with.**

(Lousy wages and salaries, horrific, mouldy and unaffordable housing conditions, harsh and slavery-like working conditions, low quality or faked goods at unimaginably high prices, poor assortment and quality of goods, like food, cheese, shoes, clothes, technical devices etc, but at an inexplicably expensive price!)

7. **Creating bigger and bigger inequalities at a rapid pace**

The majority of New Zealanders just keep watching how the raw capitalists are getting richer and richer, greedier and greedier while they, themselves, just getting poorer and poorer.

Since the 70-ies many Europeans and others left this country because of poverty. For who wants to live in poverty, oppressed, abused mentally and psychologically, and totally ripped off economically?

NO ONE!

Everyone wants and demands a decent human life for their children and for themselves.

We
ARE
ALL
ONE

At this point of time many Kiwis are planning to leave the country again, for the same reason... Many have already crossed the ditch, or gone to Europe.

You could read on BBC news in the last few weeks why Kiwis are leaving New Zealand at the moment; how impossible it is to raise children here, living in permanent scarcity, having a very low standard of education, increasingly worse healthcare, etc....

All the leaders of this country, and of all other countries for that matter, who keep on creating miserable conditions worldwide, should be forced to live in the same conditions and under the exact same circumstances that the poorest people do. So they learn and taste what they are creating.

What the greedy raw capitalists, political leaders, freemasons and like-minded don't understand is that the nation of New Zealand, all Kiwis will be in solidarity with each other. But they won't be nice to their oppressors and blood-suckers! They will show the way to other nations, if it is needed. *Like they did with the suffrage for women.*

It's high time that all the blood-suckers of this nation and of all other nations, learn once and for all, that they have to stop all exploitation of peoples and nature, all greediness and all villainy if they want to live on Earth!

DECEPTION III

Introducing and forcing means of submission (which manipulates hugely the sub-conscious mind) on the people of New Zealand and also forcing them to support killing!

1. Encouraging wearing shawls for everyone (!!!) in Christchurch back then... – wearing shawls, chadors and the like are extraneous, they are not belonging to the culture of New Zealand; especially not during bigger, solemn or national events; let smaller ethnic groups wear these shawls in peace, whom that tradition belongs to, during their own festivities and gatherings. There are several other ways for showing empathy and compassion, which are actually much more ethical and correct. Our PM of all people must know that, as she went to the same school as the French and the Canadian PM did...

Do not encourage or force others to wear those cloth items because it means inequality for many women in many countries, New Zealand included!!

2. Wearing masks = muzzles – which are widely known in scientific circles to be useless to stop spreading covid and other viruses in general.

However it has a dark message for the subconscious minds of people:

DON'T TALK! OBEY!!!

Masks are good for showing your caring and consideration towards your fellowmen by not sneezing, not 'spitting' on them, not spreading around your droplets and saliva when you have cold. But it won't stop any virus from spreading!!!

You should wear masks only if you have cold symptoms! Otherwise, by wearing them, you are lowering the capacity of your lungs, weakening your immune system and exposing yourself to nasty respiratory infections.

Many Kiwis with European background began travelling to Europe last month, in the beginning of May, and also since then. It has been a big surprise and relief for them to see that in Europe the whole muzzle business has already been forgotten. Why is it not forgotten here, in New Zealand???

People are not at all sicker over there than here. So what is the reason for still wearing masks here?

3. The government is silent about the new 'kneeling habit' during sport events. It is really a shame; for kneeling is and always has been a **sign of submission**; it might show reverence when this position is done towards God, but no one else!

4. Last but not least!:

The nation of New Zealand is forced to send weapon for billions of dollars from the taxpayers' money (!!!) to Ukraine to help to continue the war and the useless blood-shed. **We are forced to help to continue killing!!!**

We are **not** sending food, clothes and basic necessities. Oh, no.

We are **not** trying to invite the parties concerned to the negotiation table to achieve peace. No, not at all.

The peaceful nation of New Zealand is supporting killing nowadays! Lead by a PM, who suffers from megalomania and completely lacks empathy.

IT'S A SHAME FOR OUR COUNTRY!

DECEPTION IV

PM Jacinda Ardern and her government erroneously and indecorously favour one ethnic group over others.

Instead of uniting the nation which consists of **over 160 ethnic groups**, Jacinda Ardern and her government leads the country more and more into deep separation, tension and possible racial hatred at a faster and faster pace in a disgustingly cunning way.

What can be their agenda? Unfortunately, a healthy mind cannot figure it out. Only a psychopathic one could do that.

A. LITTLE REMINDER ABOUT DEMOGRAPHICS – ETHNIC GROUPS IN NEW ZEALAND:

OFFICIAL NAME: NEW ZEALAND

Europeans 70, 2 %

New Zealanders 1, 0 %

Maori 16, 5 %

Asian 15, 1 %

Pacific peoples 8,1 %

Morioris från Cooköarna 1, 7%

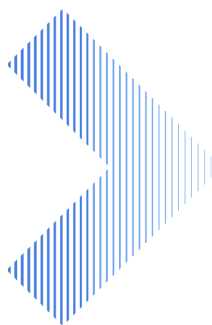

Middle Eastern/Latin American/African 1, 5%

Other ethnicity 1,2 %

Source:

'stats.govt.nz/news/ethnic-group-summaries', latest statistics

'Stalvik.se/landsfakta-x-y/nya-zeeland-fakta'

The culture of New Zealand is enriched by Maori culture, indeed. All Kiwis know it and are happy about it.

But the culture of our Kiwi land is the SUM OF THE CULTURE OF OVER 160 ETHNIC GROUPS!!! THIS IS OUR PRESENT!!!

How it was for 200 years ago, it's only history. It is for learning of it, not to go back to it. It's not the concern of Today's population of New Zealand what happened back then. And no one, by no means, wants to pay for something they have nothing to do with.

There is a large number of New Zealand Citizens and Residents who came to New Zealand during the past 10-15 years. Many of them were called because of the rebuild after the Canterbury earthquake. They came to **NEW ZEALAND**, but *definitely NOT to Aotearoa!*

Nobody would have come here after and since the War II if they knew that New Zealand intends to develop backwards, striving after tribal culture and tribal living conditions...

We are convinced that all New Zealanders, the common Maori and all the other ethnic groups equally want to build a highly developed society and to have high living standard. ***They want to go forward in development and not backwards!***

That said, and with all respect to everyone concerned, **THE MAJORITY OF NEW ZEALANDERS (83,5 % of the population) ARE NOT Maori!!! See above!**

And THEY DO NOT WANT OR INTEND TO BECOME MAORI, EITHER!!! ABSOLUTELY NOT!!! Why would they? It's quite understandable, isn't it?

It is the sick politics of the government, and not the common Maori Kiwi, who keeps creating now tensions and political issues. But the government and other mad leaders did a really bad miscalculation regarding this issue...

The people of New Zealand won't rise against each other. They will rise united against the mad politicians, the greedy raw capitalists, freemasons and like-minded!!

*Maori culture and language, which in a so exaggerated manner have begun to be forced recently **on the 83,5 % of the population**, is a culture of a minority group which can add and enrich the culture of New Zealand.*

But Maori culture and language cannot and must not take over the whole country!

EVERYBODY SHOULD UNDERSTAND THAT THE MAORI DO NOT OWN NEW ZEALAND!

THE NEW ZEALANDERS TOGETHER OWN THIS COUNTRY AND ALL ITS LAND!!!

The 83,5% of population, who are not Maori, contribute largest to the national economy. If the majority of 83,5% work hard and actually they go to work, they have less social benefits, lower drug use, less family violence, according the statistics, than certain other groups, then this 83,5 % should certainly be awarded, and not punished, shouldn't they?!

The policy of the recent government goes to extremes for not being racist against Maori and another smaller group in recent years, **but it seems to go to extremes to be racists towards the hard working majority of New Zealanders.**

No one, no Maori or others should say to anyone 'white bitch' just because she tries to do her job at an airport or other places. No one should call any woman, any Maori, any coloured or not coloured for any names of that kind for that matter! Has Jacinda Ardern happened to think about it at all? Probably not, because she is encouraging this 'calling-names'- and rude behaviour through her politics!

No one should be prioritized and to be able to go to higher education without showing the necessary achievements and efforts; or to buy at a cheaper price or even to get houses free, or to get more social benefits just because he or she belongs to a specific ethnic group.

When other ethnic groups also struggle just as much if not more! It should be equal for everyone in a country with more than 160 different ethnic groups!

No one should go hungry, live in scarcity, be homeless and commit suicide because of the fact that life in New Zealand seems so hopeless for many! No one should be in that position, regardless which ethnic group or societal layer they belong to! Because the majority of our nation lives in scarcity, in big economic stress and above all in a housing condition which is against the human rights!!! It is not only the Maori who have problems and live under stress!

What a shame for this government and for all people-hostile politicians!!!

Everyone should have respect and should show respect to others! Even Jacinda Arden's those fellow citizens should be respected, who happen to have the same colour as she herself has!

That group, by the way, still represents the majority of people in this country and so by number they contribute most to the national economy.

And no white New Zealanders should be called for 'pakeha' for that matter. **We don't want to call our relatives and friends for 'wanau' either... Because the majority of people living in this country are NOT Maori!**

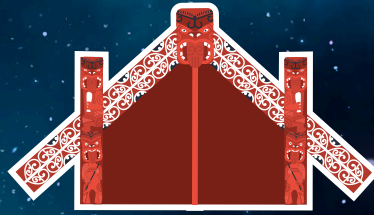

“I believe in equality for everyone.”

MAHATMA GANDHI

“

With that said, the Maori culture naturally adds and enriches the culture of New Zealand, just like the culture of other ethnic groups does. And they all deserve equal respect!

”

By the way,  when the **Danish queen** was criticized for a couple of years ago because she said that Haka, which was shown to her, wasn't a sophisticated and civilized dance, but it was rather rude, frightening and uncivilized, the media and its followers were loudly upset over it. But actually what New Zealand showed to the Danish queen and to the world was that the Kiwi organizers around her official reception didn't know the basic etiquette.

Haka would have been proper if the queen had been invited to a Maori tribal festivity and see the dance when it's first explained in details. But in an official reception program the war dance was very out of place. People throughout the world learn that rolling the eyes, sticking out tongues, spitting and pounding wildly with one's feet, all that belongs to a very rude and uncivilized, so-called prehistoric behaviour. So it was a well understandable shock for the queen, a violation of the etiquette she has been taught and used to. Haka was totally wrong in that context. Like it is in sport events, because it's a frightening war dance, and it is not fair to the participants of other countries who have a totally different understanding of it.

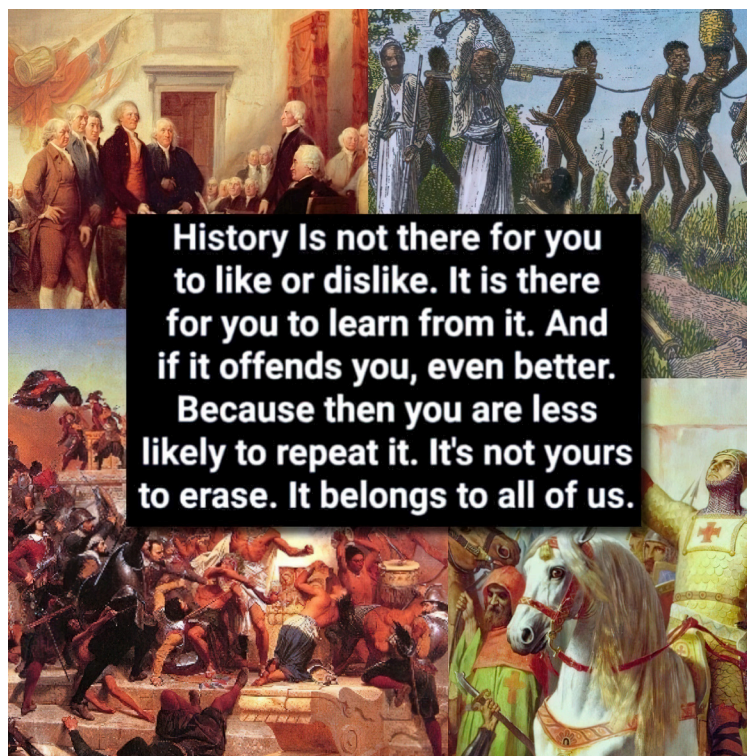

It's hard to digest and understand the thinking and the logic regarding the following:

- It seems to be OK to disregard the traditions of one's own country and to encourage wearing unaccustomed cloth items for the inhabitants
- It seems also OK to force and to push the culture of a minor ethnic group on the majority of the nation and also on the world, without any consideration and tactfulness, and without any context.
- It seems to be OK to have all those war ornament-paintings on faces of some ministers, TV-persons, even in the news, the purpose of which is obscure and the whole thing is entirely out of context.

Might it be a lack of education and knowledge from the part of the government?
Or might it be some kind of very bad, or mad, or simply put, mean agenda of their politics?...

B. ABOUT OUR HISTORY HERE IN NEW ZEALAND

As you can see from here below, we all have so much to learn from our history. Europeans from their history, Americans from theirs, New Zealanders from theirs... There is no exception. We all have to learn from our history in order to develop, to improve our societies and to become better people.

Scientists and researchers have said for many years the following (which, by the way, all people in the European and other foreign countries could learn from history):

It is believed that **MORIORI** and **MĀORI** came from an island or group of islands in Polynesia in the South Pacific Ocean. Current research works indicate that Moriori came to the Chatham Islands **from New Zealand** about 1500 (so they were in New Zealand before that time!), whose language and culture are related to those of the Maori and to others of Polynesia including the Cook Islands, Hawaii, and Tahiti.

The question about who was here in New Zealand first is still not decided, still being discussed.

Moriori tradition holds that the New Zealand islands were initially populated by the **Hamata**, a mythical race descended from the gods. The Hamata acted as lawgivers and keepers of knowledge for the early settlers of Moriori. They lived on fern root, eels, fish, karaka (*Corynocarpus laevigatus*) berries, and birds.

The Moriori people were peaceful and lived since the 14th century by a code of no violence, no war fare, and NO CANNIBALISM. This was known as the law of 'NUNUKU'.

The genocide of Moriori by Maori

The Maori tribes didn't have the code of Nunuku. Maori were known to invade lands and kill off people. So first they chased away the Moriori to the Chatham Islands. But that wasn't enough. The Maori went to the Chatham Islands as well, on English ships, and had invaded camps without warning and with ease. Moriori's land became then Maori land. Because of the closeness and the peacefulness of the Moriori, the Maori had decided to take over entirely. There was no specific reason as to why the specific genocide happened in the autumn of 1835. The invaders killed around 10% of the Moriori population in a ritual that included staking out women and children on the beach and leaving them to die in great pain over several days...

Those who survived the invasion **were kept as slaves or eaten**. During the period of enslavement the Māori invaders forbade the speaking of the Moriori language. They forced Moriori to desecrate sacred sites by urinating and defecating on them. Moriori were forbidden to marry Moriori or Māori or to have children. A form of slavery was practiced on mainland New Zealand, too.

“Tikaokao and others [attacked] the Waitangi Morioris within their radius, killing men, women and children, laying them out on the sandy beach of Waitangi ... One Moriori [survivor] - Heremaia Tau - said, ‘They were laid out touching one another, the parent and the child ...’ Some of the women with stakes thrust into them, were left to die in their misery. This statement was corroborated by a Maori, one Tama. Nearly all the Morioris belonging to Waitangi were exterminated.”

In 1870, a Native Land Court was established to adjudicate competing land claims; by this time most Māori had returned to Taranaki. The court ruled in favour of the Māori, awarding them 97% of the land.

The judge ruled that *since the Moriori had been conquered by Māori, therefore the Moriori did not have ownership rights of the land.(!!!)*

In 1994, Waitangi Tribunal hearings began on the recognition of Moriori as the original inhabitants of the New Zealand Islands, the Chatham Islands and compensation. Released in 2001 the tribunal sided with Moriori.

In 2020 a treaty settlement requesting a correcting of history, a transfer of significant land to Moriori, and millions of dollars in compensation passed in Parliament.

The first Moriori marae on Chatham Island opened in January 2005, with the opening **attended by Prime Minister HELEN CLARK.**

The Guardian, 26 November 2021

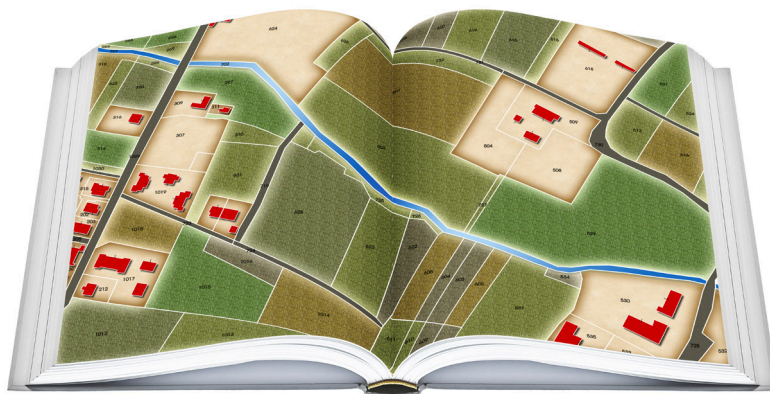

"On Tuesday, the New Zealand government enshrined in law a treaty between Moriori and the Crown, which includes an NZ\$18m (£9.3m) settlement, the return of land, and an apology acknowledging the wrongs Moriori have suffered since the arrival of Māori and Europeans to their shores of Chatham Islands."

The Moriori people were freed in 1963. The genocide of the Moriori was not something that people were not well informed of...

About the 'land issues'

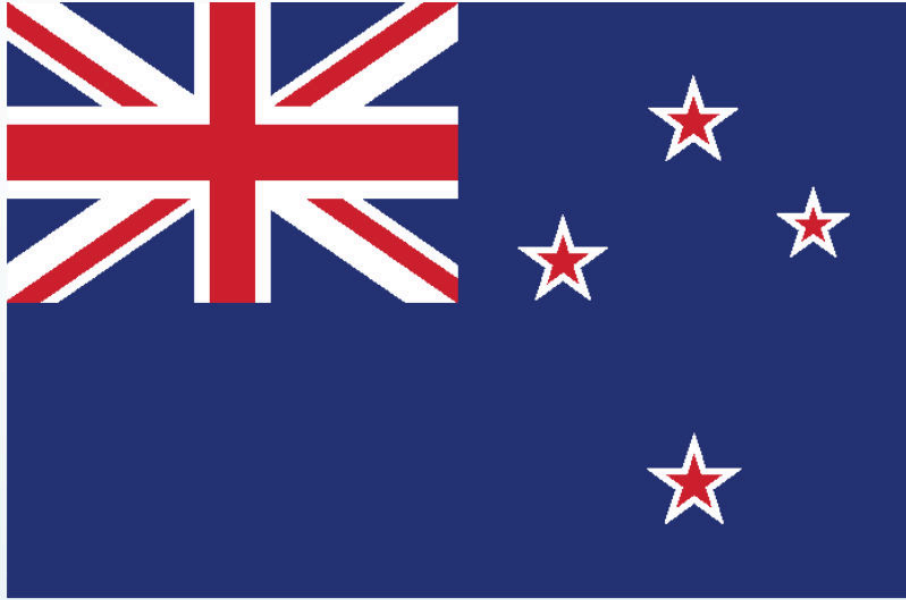

Formerly, land defined as "Māori land" could be sold by its owners only after the approval of a special court, but later legislation made it easier for Māori to sell their ancestral land. **And they did.**

Still Māori groups recovered significant land settlements from the New Zealand government in the late 20th and early 21st centuries, most notably a 1997 settlement of **\$170 million (New Zealand)** with South Island's Ngāi Tahu tribe and a 2008 land **exchange worth more than \$420 million (New Zealand)** with a group of seven North Island tribes.

Many New Zealanders think this is madness. This money was paid from the taxpayers' money. Why did it suddenly become the duty of New Zealand taxpayers to pay for something they have nothing to do with?

How much did Maori, by the way, paid to Moriori for their wrongdoings?...

IS NOT A

**MAORI
LAND**

**IT IS THE COUNTRY OF
ALL NEW ZEALANDERS!**

**IT'S THE HOMELAND OF
ALL KIWIS!**

When all comes around, and if we want to look at this issue from a more spiritual and true standpoint, all lands belong to the Creator. The Maori didn't create New Zealand, or any other lands on Earth. They just live on the planet like any other ethnic groups or nations do.

We, the 83, 5 % of New Zealanders, don't want to go back to any tribal culture. We have our own culture with a history of Renaissance, Enlightenment, and other cultural aspects that we are all very proud of!!!

And we don't want to be forced to learn the Maori language either. Rather learn languages which are spoken by many and you can use them internationally(!!!) for the benefit of the country. Not just for making someone feel better, while the majority of the country is miserable... It must be other ways to make someone feel better!

Maori should have, of course, the right to speak their language, keep and cherish their culture in their communities, like any other ethnic group does.

It should be also added here that **no one should use the term 'Pakeha'** at all, which is used for denoting the white inhabitants of New Zealand.

Why? Because the original meaning and the origin of this word itself **are obscure**.

The following are possible origins:

'Pakeha'

- From keha: a flea
- From poaka: a pig
- From pakepakeha: imaginary beings resembling men
- From pakehakeha: one of the sea gods.

While 'Maori' means

- normal, ordinary

DECEPTION V

Skilled Immigrants to New Zealand after the Canterbury earthquake

The government of New Zealand called in many skilled immigrants to help with the rebuild after the big Canterbury earthquake. But, unfortunately, the government and New Zealand didn't really know and still don't know, how to use the expertise of those skilled professionals and specialists. So the living standard of the people here and that of the country as a whole, stayed on the same low level, or even lower than before, in comparison to European countries. Instead of learning new and more developed methods, most of that imported and extremely valuable knowledge and expertise were lost because of lack of knowledge and some misinterpreted prestige issues, existing in the country due to lack of proper policy from the government.

It's really a big waste with resources. It is a shame and a lost opportunity for improvements for the country and for everyone.

DECEPTION VI

PM Jacinda Ardern giving appearance of being compassionate

The bribed mainstream media and its loud followers called the recent PM Jacinda Ardern 'compassionate' when she 'showed signs' of being it. It turned out quite soon that she might or might not show some signs of compassion towards certain other nationalities, but she definitely doesn't have any of it towards her own nation and people. She completely ignores all complaints, despair and exasperation that New Zealanders desperately keep trying to communicate to her. Suicides, anxiety, incredible economic scarcity, bad and mouldy housing conditions, lousy wages and workplace conditions, experimental vaccines – all that makes people seriously ill and is the everyday concern for many Kiwis. Not just for Maori!!!

But the PM is so conceited and arrogant, so caught up in her megalomania that she dares to contempt the people, disregard their opinions and will. She disdains New Zealanders, on whom she, actually, with her whole government and the entire political structure are parasiting on!!!

She, struck by the conceited power disease, travels around the world, signing disastrous agreements for New Zealanders, spending madly the taxpayers' money, creating more and more hardships for New Zealanders. Meanwhile she tries to paint a totally false picture of the country abroad. Might she be one of those hypocrite politicians of today's governments?

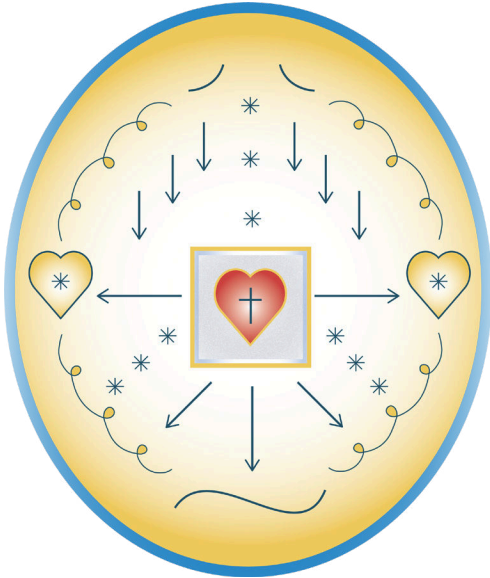

It is all very shocking and very appalling...
