

Absolute Protection and Love of the Earth

MELENOS [m ε l ε n o s]

Using this symbol lifts our Earth to such a high frequency that it will receive fast, absolute, and complete protection from every threat, attack or catastrophe arriving from outside, from Outer Space, from the surface of the Earth or from inside it; and it will immediately destroy all of the plans, thoughts, and deeds which threaten our Earth's health. When we use it, our Earth 'bathes' in the Divine Love Energy; this energy gently embraces our Earth with boundless love and draws it into the mantle of complete protection. This Pure Light Energy scours the Earth intensively and strongly from the Earth's Aura all the way down to its Core. All negative patterns, thoughts, attacks, and energy whether they be on Earth, in its airspace, or arriving from another dimension, will be immediately changed into the Love Light Energy.
