Connecting to the chakras is not complicated and it does not need to take long time. Your will and intention, your conscious recognition and consideration – that is all you need for establishing the connection.

When you come into contact with your chakras and your aura, and direct your full attention to them, healing takes place at a deep level. You can make this process even deeper and more effective by asking the Divine Helping Being of each chakra and that of the aura to help you cleanse, balance, harmonize, heal and recharge all chakras and aura, and bring them into perfect working order. Allow the energies and virtues of the Divine Beings to permeate your chakras, your aura and your whole being, your body, mind and spirit. Then just feel that your chakras and aura get cleansed, balanced, harmonized, healed and recharged. Finish the process by saying 'thank you' for all help.

While going through your chakras and aura in this way, you strengthen your whole being, your body and your immune system. This is an easy way to help yourself to a much better health. Many ailments and chronic diseases, even psychological imbalances and deep emotional wounds can be healed by this process.

Practice of Connecting the Chakras in 3 steps

1. In the beginning, ask the Source of All Creation, the Archangels and Angels, your Guiding and Guardian Angels, Reiki Spirits and All Divine Light and Love Helpers to support you in the process for your highest good and for everyone's highest good.
2. Then contact each chakra separately and also the Divine Being connected to it.
3. In the end cleanse and recharge your whole aura with the help of the Divine Being connected to it, and then say thank you for the whole process.

You might want to say loud or to yourself while connecting your chakras, your aura and the Divine Beings:

1. *"I invoke You now Beloved Almighty God Father, Almighty God Mother, Beloved Jesus Christ, Archangels, Angels, my Guiding and Guardian Angels, Reiki Spirits and All Divine Light and Love Helpers. Please guide me and help me protect, cleanse, purify, balance, harmonize, heal and recharge my chakras and aura. Help me to make them work perfectly for my highest good and for everyone's highest good. Thank you."*

2. *"I wish now to contact my [name of the chakra] and the...(name of the Divine Being connected to the chakra). Beloved (name of the Divine Being), please guide me and help me protect, cleanse, purify, balance, harmonize, heal and recharge my... (name of the chakra) and help me to make it work perfectly. Let this chakra, and also my whole body and being receive your sacred healing light and let them be permeated by your Divine Energy and Virtues. Thank you."*

Then just observe what you feel, all feelings and sensations in your body and mind. It can be warmth, tingling, pulsating, calmness, peace or any other feelings. If you don't feel anything, don't worry because the process will happen anyway on a conscious and subconscious level.

3. After having gone through all chakras, contact your aura and the Archangel **SERAPHIEL**.

"Beloved Archangel Seraphiel, please guide me and help me protect, cleanse, purify, balance, harmonize, heal and recharge my aura, and make it whole with all its layers. Let my aura and my whole body and being receive your gracious healing light and let them be permeated by your Divine Energy and Virtues. Thank you."

To finish the whole process just say 'thank you' to the helping Archangels and Light and Love Beings for their help.

"And now with deep gratitude, I thank you Almighty God Father, Almighty God Mother, Beloved Jesus Christ, Archangels, Angels, my Guiding and Guardian Angels, Reiki Spirits and All Divine Light and Love Beings who helped me protect, cleanse, balance, heal and recharge my chakras, my aura and my whole being. Thank You!"
