

GRABOVOJ NUMBER SEQUENCES

Grigori Petrovich Grabovoj (1963 -), a PhD holder in physics, mathematics and in engineering science, is a professor, an academician, the author of the "Discovery of the Creating Information Area" and of "Applied Structures of the Creating Field of Information", inter alia. Grigori P. Grabovoi states that man's consciousness is not only capable of reflecting reality by means of perception and sensation, but is a creative substance in itself.

Grabovoi discovered the Miracle of Numbers and handed it over to humanity for use. Numbers carry within themselves the energy, quality, and power of the Universe. They do not belong to earthly qualities, but to higher realms. Grabovoj's simple method can help us to make our lives easier, healthier, and happier.

When using the number sequences, it's important to pay attention to what you ask for, not just for yourself, but for all people on Earth! You can use multiple number sequences at the same time.

It's worth (but not mandatory) to use the 'macro-rescue' number sequence <u>319817318</u> alongside every other number sequence, but this sequence alone also initiates significant changes. (The number sequences below were summarized by Serafina Pekkala.)

USING THE NUMBER SEQUENCES

- Concentrate on the chosen number sequence. See it shine up in silver-white light. Then mentally project this dazzling number sequence on your forehead, and put it in the inner part of the forehead; and then the healing process will start.
- Imagine a golden sphere. Then place the number sequence you want to use into the sphere. See the numbers shining in white light. Then shrink the sphere together with the numbers into a desired size and place it on the body part to be healed. You can also bring it directly into the affected organ.
- Whenever and wherever you are, concentrate on the healing numbers, then say them out loud or to yourself several times. You can say the numbers one by one or in groups. Do it at least once a day, but you can do it more often as well, in every hour e.g. to make it more efficient. In an emergency, it can be done in every quarter of an hour!

- Write it down on a piece of paper and carry it with you or on the affected body part.
- Write it on your body, or on your clothes.
- Write it on the mirror, or on your computer, on your table, on the wall, anywhere you wish, and look at it many times.
- Sleep on the healing number sequence.
- You can also help others with it if the persons have given permission. Think about the person to be healed and say the number sequence that heals her/him, while focusing on her/his forehead.
- · You can also heal animals with it.
- You can charge items with the healing numbers. If, for example, you want to sell a house, look for harmonizing number sequences and, using one of the above methods, fill the house with the vibrations of the number sequence.
