

# THE POWER OF THE HEART

**Science says YES (!!!) to this:**

Can we change matter?

Through emitting photons infused with loving and healing intent?

**YES!!!**

A scientifically controlled study conducted by German researchers at the University of Kassel showed that while the average person's chest emits only 20 photons of light per second, someone meditating in their heart centre, sending love and light to others, emits **an astonishing 100,000 photons** per second/cm<sup>2</sup>.

That's 5,000 times more than the average person. Many studies have also shown that *when these photons are infused with loving and healing intent, their frequency and vibration increase to such an extent that they can literally change matter. They can heal diseases and transform negative events(!!!).*

The heart stores information and continuously pulses this information through the body with each beat. This is much more than what modern science has thought so far. The heart is a pump that pumps the cellular symphony, which is none other than the essence, the magnetic and radiant vortex that is the true source of human power.

*Well then. Let us get together and fill our hearts with love and healing intent! Let us emit 100,000 photons per second/cm<sup>2</sup> and **change all negative events** that some psychopathic beings and people are doing and preparing for mankind.*

*For this will be the most dangerous weapon for those lunatics!  
And all that is without violence!*

**Let us express our LOVE now, through the power of our hearts, towards our life-giver, our planet Earth, and for the whole mankind for the sake of our survival!**

**Join this movement and emit  
those 100,000 photons anytime and anywhere!!!**

## **PRAYER**

**WE ARE TOGETHER IN LOVE AND FAITH  
FOR OURSELVES AND FOR EVERYONE.  
WITH ENDURANCE, PATIENCE AND HUMBLENESS  
WE PRAY AND ACT  
FOR OUR RECONNECTION TO THE SOURCE,  
FOR OUR HUMAN-DIVINITY,  
FOR OUR HAPPY LIFE,  
FOR PERFECT HEALTH  
AND FOR ABUNDANCE  
AMEN.**

**BLESSING TO THE SOURCE  
BLESSING TO THE LIGHT  
BLESSING TO THE UNIVERSE  
BLESSING TO THE EARTH  
BLESSING TO ALL OF US  
AMEN.**

**PS:** The heart conducts higher subtle frequencies and connects to the multiverse.

The Heart also loves, feels, thinks, remembers and communicates with other Hearts.
