Portfolio of Thoughts

The spirit of the age is a betrayal of the spirit of man: man places himself above other men.

Capitalism is the most terrible form of this evil deformation.

Capitalism is completely incompatible with the goals of Christ, since the basic principle of this social form is that I strive to give as little as possible and receive as much as possible.

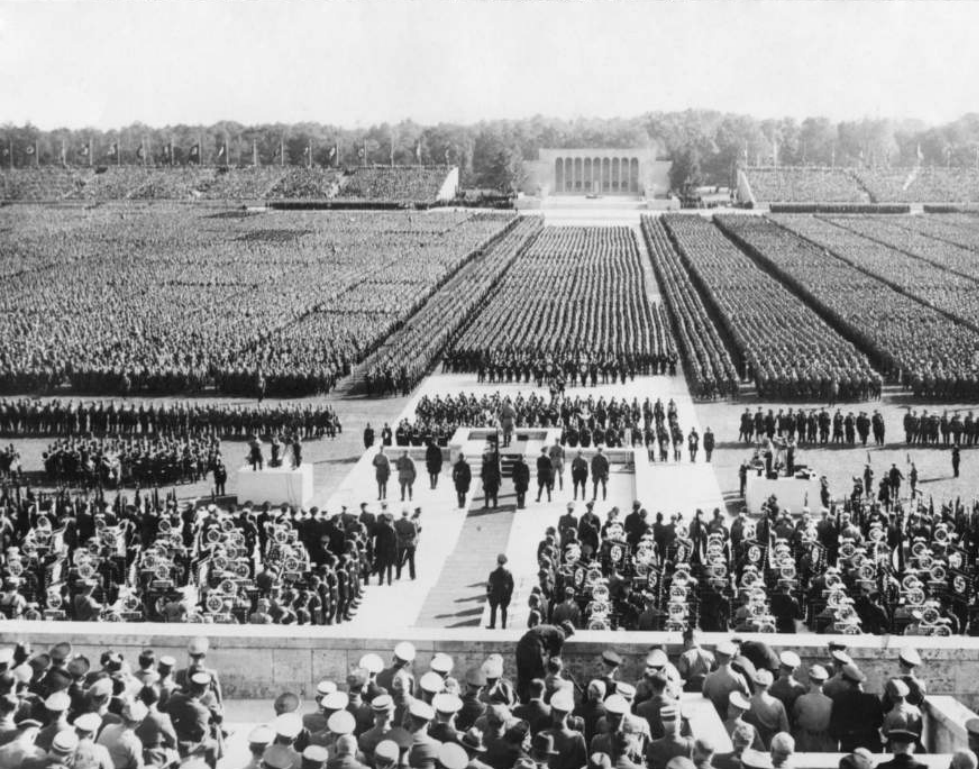

(Attributed to Noam Chomsky)

**“ONLY THE UNLOVED HATE –
THE UNLOVED AND
THE UNNATURAL!..”**

(CHARLIE CHAPLIN)

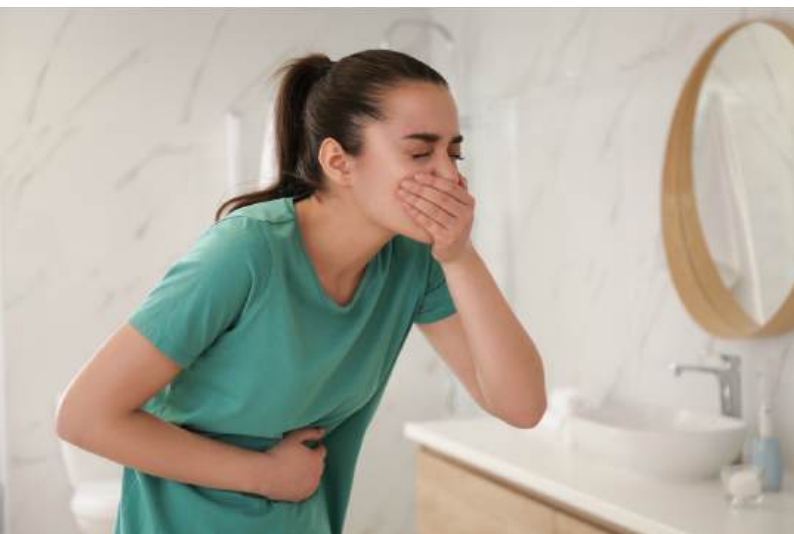

Similarly to the World War II, the war of the Nazis against humanity, most people today don't want to believe what is really happening. According to our grandfathers there were many so unbelievable stories told about the Nacis' evil actions so that people refused to believe it until it happened to their acquaintances, their relatives or themselves. Because they just couldn't believe it. For a healthy mind cannot invent, cannot digest and understand those evil doings. But If you look at our told history (in which you can believe more than in the written one), but also at our written history, you can easily realize that the rulers and the governments have always been hostile and evil towards their people, using and abusing them. In spite of the fact that those leaders have always been parasiting on the people. Always... And you can look at any periods of history you want.

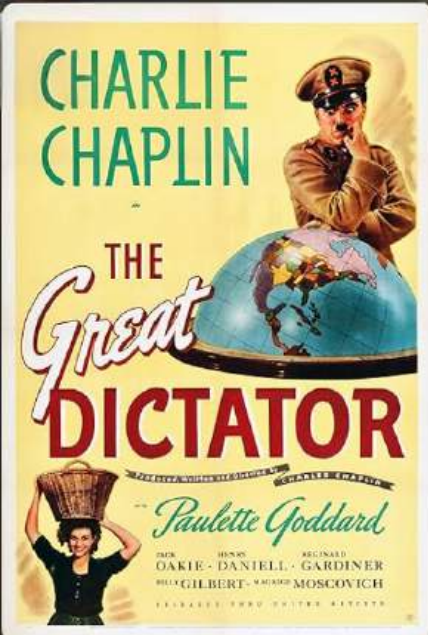

Today there is the covid issue. Then the 4G, 5G, 6G...

The chemtrails are now proved to be real. The poisoning of our soil, air, water and food is real... But who puts all that poison in everything and who does all those evil things???

WHO? And **WHY?**

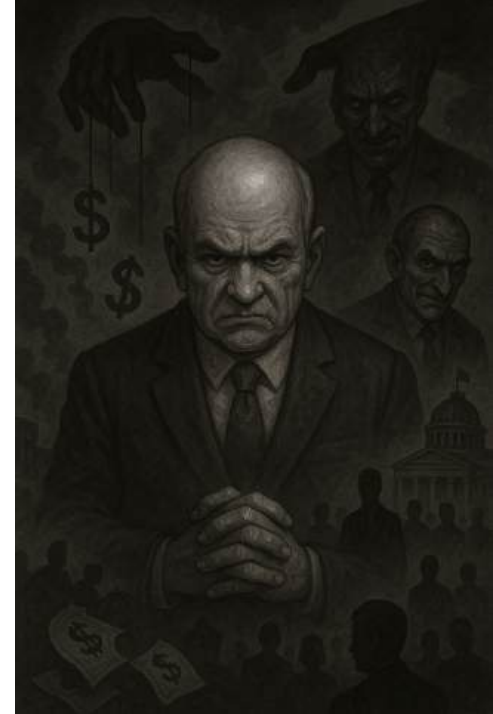

Charlie Chaplin, in the Final Speech from the Great Dictator (from 1940) said:
*"...Don't give yourselves to these unnatural men - machine men with machine minds and machine hearts! You are not machines! You are not cattle! You are men! You have the love of humanity in your hearts! You don't hate!
Only the unloved hate - the unloved and the unnatural!.."*

It looks like our world are led and controlled nowadays by exactly those kinds of men – **machine men with machine minds and machine hearts!!!** You can see this and feel whatever area of your life you look at. There are wars, violence and criminality everywhere; politicians-made crises in economy, pollution, poisoning our water, air, soil and food, horrible gene-modifications by very dangerous vaccines, destroying the nature of the Earth, prices are skyrocketing without any real and logical reasons.

The only 'reason' for all this is the greedy, profit- hunting, life-hating, life-despising and bribed malicious politicians of the world and of those who stand behind them, as always hidden, behind the scenes.

As they always have done through our history... Some talk about making some kinds of hybrids of humankind... Turn them into 'insect-like aliens' to serve as food and slaves...

Might these politicians have sold out mankind to e.g. Zeta people? They mention us as 'human animals'. They have been known from the 80-ies.

Might the most politicians and royals be already hybrids or reptile-like who are controlled from the space by reptiloids - aliens?

Have those rotten to the core politicians sold out mankind for advanced technology or other benefits? With all respect, some of them really might remind us of some kind of reptile or insect. *Could this explain all the forced insect flour and meal?...*

FARFETCHED?... Oh...

Have you heard?...

Călin Georgescu won the first round of the Romania's presidential elections, which were quickly annulled, due to so-called "Russian interference" (where have we heard that before?...) and he was banned from running again.

After challenging the ban, the Romanian Constitutional Court just recently upheld a decision by the EU nation's election authorities to reject his candidacy!!!

Very odd...

Călin Georgescu worked as a senior expert in sustainable development within the UN system for nearly 20 years, as a former executive director of the United Nations Global Sustainable Index Institute in Geneva (2015-2016). He previously served as President of the European Research Centre (ERCIS) for the Club of Rome (2013–2015).

When he began working within the UN system, *he believed the institution offered great hope for humanity*. However, he eventually came to understand that everything espoused by the UN is 180° inverted from reality; that "Peace" means "War" and that the UN does not represent "nations", it represents the oligarchical interests who control the resources that have been removed from the control of the nations; the UN is controlled by criminal oligarchs who use it to enrich themselves and to enslave humanity.

You don't know anymore if you can believe in governments and authorities, do you?

When in the Newshub's Online News John Key denied for a couple of years ago him being a reptile, you might have doubted your eyes. You could only see that during a couple of hours, despite that many of us managed to see it. What was that?! And why?... Was it a message, or was he accused of being one? There must be some explanation for that, mustn't it?

And, alas, there are still people (even if they are fewer and fewer) who believe in governments and trust them without questioning!!!

But these people, these 'believers' rush to their losses, to their destruction with their blindness. They haven't learnt anything from the history of mankind; just take the last 100 years, what happened during that time...What rulers did to millions of innocent people! What they did to nature. The governments and rulers of mankind have never served the interests and well-being of humanity!!!

“Greed has poisoned men’s souls, has barricaded the world with hate, and has goose-stepped us into misery and bloodshed.... More than machinery we need humanity. More than cleverness we need kindness and gentleness. Without these qualities, life will be violent and all will be lost...” – as the Final Speech with Charlie Chaplin goes on from 1940!!! ...

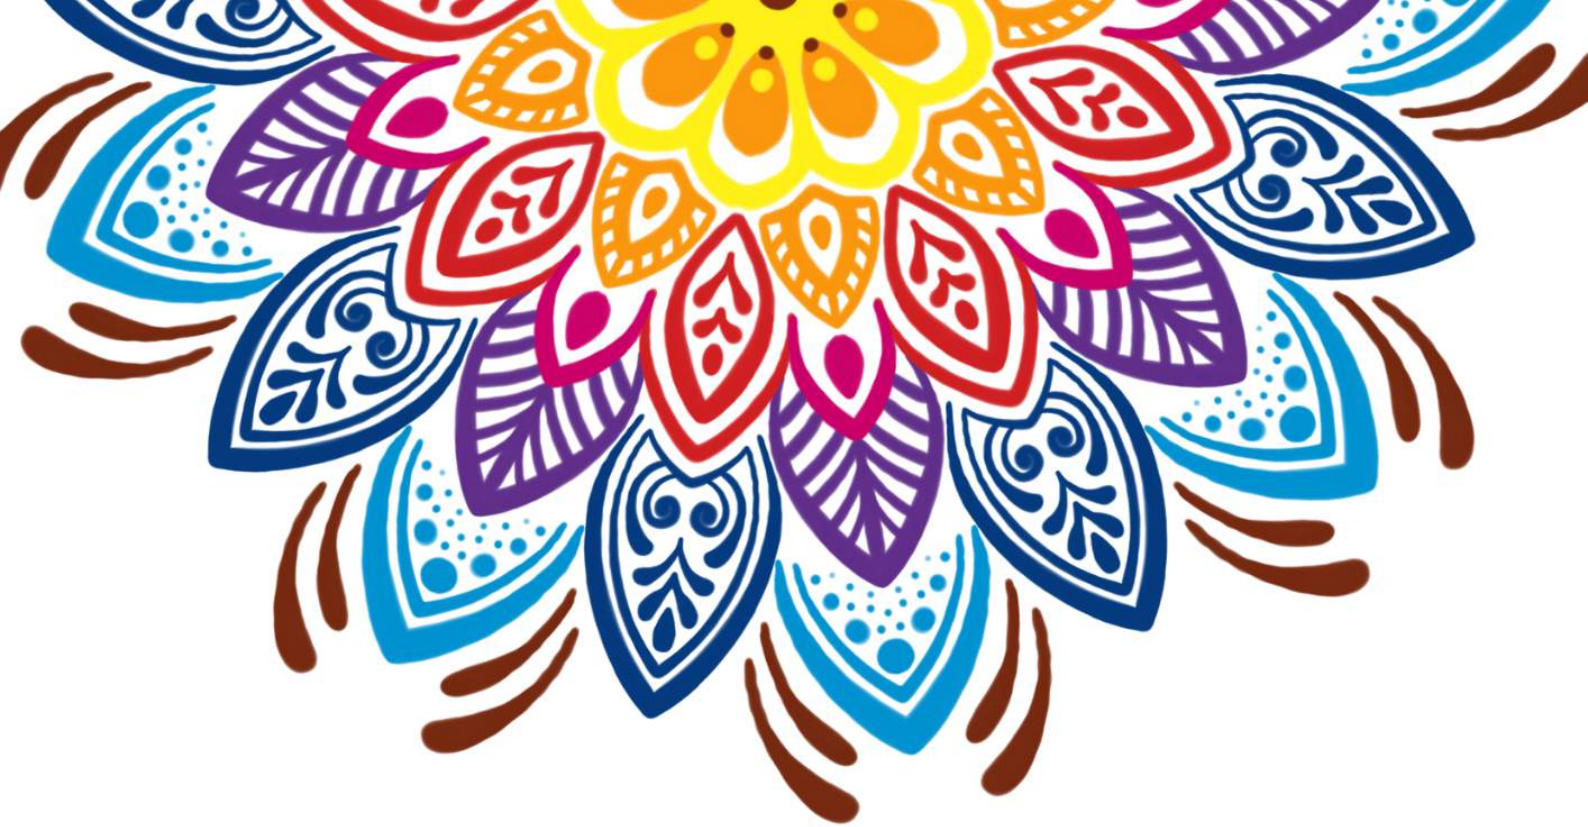

The politicians of today, unfortunately but apparently are going exactly in that direction. They are often cunning, shrewd and they lie in general. Several have been proven to have criminal backgrounds, paedophilia, and all other social and financial crimes. And as everyone can clearly see and experience, they are without empathy and compassion. **Very far away from Christian unconditional love principals!!!...**

They parasite on people, but these leaders still want to suck out even more, everything of them. How come that these leaders are not that clever that they know the law of nature, such as if you, as a parasite, kill your host being, you will also die... Or, maybe, they hate life in all forms that much so they want to die, so nothing matters to them.

The leaders of the world very busy with creating conflicts and issues among countries and nationalities so that people would hate and attack each other. And for what purpose?

To satisfy the leaders' and politicians' immense greed and lust for power!!!

As Rudolf Steiner stated back in the 1910-ies:

It happens also because of luciferic, daemonic forces, and the nowadays ever stronger Ahrimanic influence.

Take the hated but more and more actual and relevant Covide jab, for example, so many sudden deaths and blood clots.

Are you for the vaccine? Then you are unaware or ignorant, straight forward dumb, some people would say.

Are you against? Then you are an enemy!

Isn't this whole thing very crazy? Instead of telling the truth they are creating separation!

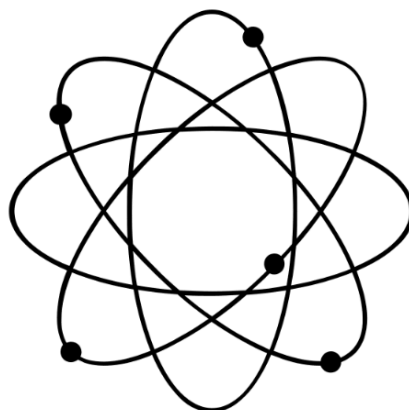

But!

Robert F. Kennedy Jr and also professor Dr. Bhakdi have already warned the public of the need for future legal penalties for covid fraud for years ago!!!

It's a shame, a disgrace to our history, that the real scientists, the real experts in the field of viruses and vaccines were pushed away, haunted and even killed because they exposed with their knowledge the lies that the pharmaceutical companies and governmental authorities spread around the job. And the place of these eminent scientists was given to people who don't even have any medical formation!!!

SO HOW CAN YOU NOW BELIEVE AND ACCEPT ANYTHING WHAT THE SO-CALLED 'SCIENCE' PRESENT AFTER THIS?

We remember with horrification the ‘famous scientist’ Jacinda Ardern with ‘substantial medical studies’ who, without showing any trace of compassion towards that heart-sick toddler at the hospital to be force-jabbed against the parents’ will, (which the media was also writing about for a while back then) gave so arrogantly order about that shameful act. She forced the desperate and forlorn parents to watch how their precious, heart-sick child by force (!!!) getting that dubious jab, knowing that it quite often causes blood clots and it, according to several eminent scientists, not that rarely causes blood issues, and immune system disorders in the long run!...

Everyone, every person of good will – whether they have children or not – but especially those who have had or have a seriously ill child, can feel and understand the horror and trauma that these parents have suffered.

And do you remember how she handled the desperate demonstrators in Wellington?

With contempt!!! Her own people!

But maybe she is not one of us, pure humans...Jacinda A has totally and completely failed morally, and with her the whole system.

SO HOW CAN YOU NOW BELIEVE AND TRUST THE NZ GOVERNMENT OR ANY OTHER GOVERNMENTS AFTER THIS?

So trusting the governments?... Well, no, not really! It's not always that easy.

We would like to add that we sent, personally, several very serious and solid scientific Swedish research studies and their conclusions to the New Zealand Health Ministry without any response... Only our Email and Facebook accounts disappeared for a while.

In the meantime the New Zealand government banned helping herbs for healing the covid just after the outbreak of the virus! like e.g. Artemisia. Of course, you cannot understand either why e.g. hemp is banned almost everywhere worldwide despite the fact that it is, proven scientifically, one of the most useful medical herb for living beings and also for the soil of Earth!!! The NZ government makes it very difficult to get needed helping herbs and plants which you can otherwise easily buy in Europe...

The question is: **Why?**

Surely because the government has been bought up by pharmaceutical companies, national and international (!) which want to have exclusive right for using these herbs so that they can make their mixed with synthetic concoctions, filled with plastic nano-particles. Just to prevent people from successfully healing themselves and to force them to turn to and buy their dubious products. Always and in every case.

Might the Divine Tribunal take care of them and their souls and also of everybody's who is involved and punish them all!!!

And by the way, why is it that when you buy something in our country NZ, **everything costs multiple times as it does in Europe but the quality multiple times worse, crappier? What kind of government NZ has?**

Finally, just a couple of thoughts from Barker's book "Satanism". He says:

The most dreadful category of Satanists are the "High-Adept Satanists", who have devoted all of their spiritual energies to connect directly with "Satan", who is some kind of a Grey Alien or Reptilian or something, for which we don't have the proper words to express.

Satan and his followers can be described as archons, demons or simply hostile extraterrestrials. The High-Adept Satanists are persons from certain bloodlines, which have made them receptive to telepathic communication from these hostile extraterrestrials. So High-Adept Satanists who are attacking the human race are themselves under remote control from demonic overlords.

"What makes humanity vulnerable to the attack of these beings is that our species has denied its spiritual development as well as its psychic awareness."

Consciousness is a very powerful force, but much of the human race is sleepwalking in a semi-conscious state, obsessed with materialism and consumerism. So this is why humanity is an easy target for the High-Adept Satanists.

The simple fact is that if we don't develop our psychic abilities and spiritual awareness, the High-Adept Satanists will destroy us.

These Gray Aliens deny their spirituality in favour with an obsession with technological power. Thus they move their civilization closer to self-destruction. The High-Adept Satanists are human flesh bodies that are being operated by these demonic entities. Their lack of spiritual connection to the Creator makes them unable to create anything. So they exploit what others create. My sense of Gray Aliens isn't that they hate us, but that they have a complete indifference to us. They think of us as raw materials rather than intelligent beings. They intend to use up the human

race until we don't exist anymore. They intend to use up the natural ecosystem of the Earth until it is destroyed.

In the end, they hope to become one with the Void. They intend to achieve nonexistence. They are at war with God the Creator and thus they desire to attain nonexistence. This is their insanity."

FARFETCHED AGAIN?...

**Please, just look around, how our reality, our world looks like!
Still unbelievable?**

About 4G, 5G, 6G, vaccines and Covid 19

[About Dr. Robert O. Young]

Dr. Robert O. Young's latest peer-reviewed articles include his seminal work, "Scanning and Transmission Electron Microscopy Reveals Graphene Oxide in CoVID-19 Vaccines" published in the ACTA Journal of Medicine Sciences, July 2022 (<https://actascientific.com/ASMS/ASMS-06-1351.php>) and "The Knee-Jerk or Blood-Jerk Reaction – A Rise in the Alkaline pH of the Blood," September 2022, (<https://actascientific.com/ASMS/pdf/ASMS-06-1377.pdf>) **have been read by millions and cited by hundreds of scientists around the world.**

To read Dr. Robert Young's study should be a 'MUST' for everybody:

"We had to find a solution to the pollutions because I want to say this very clearly: You are not sick. You do not have a disease. You are being chemically-poisoned. You're being poisoned by microwaves as well.

WHO and the UN – and I've written papers on this – they are as much as in control of this ideology of Globalism than anything.

So I wanted to talk a little bit more about this energy-extraction-from-the-human-body issue. We all know about the way plants, through a process called "photosynthesis" will take light and convert that with their chlorophyll molecule into electrical energy.

1.

People don't know this, but red blood cells do the same. And the haemoglobin converts light into electrical energy. The red blood cells are little power plants. That's number one thing that people don't know.

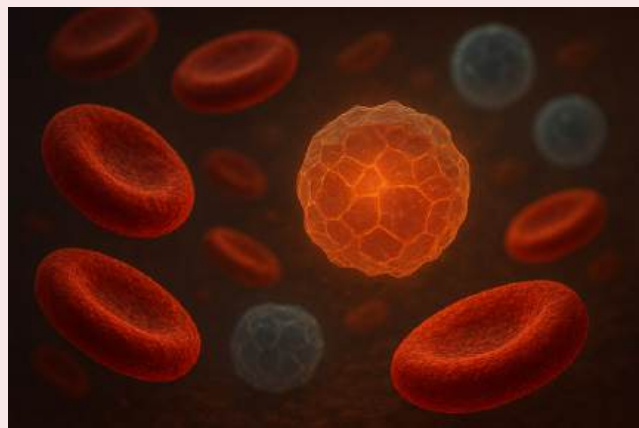

2.

Number two, they don't know that red blood cells is the primary stem cell. Red blood cells are non-nucleated for a purpose. They can biologically transform into any cell that it needs to. So when you cut yourself, what goes there? Blood. And what does the blood become? A clot. And what does the clot become? The new skin. So blood makes up every cell.

I love the fact that, and this is in the Koran, that Muhammad said,

‘Don't you understand that you were created out of one drop of blood?’

3.

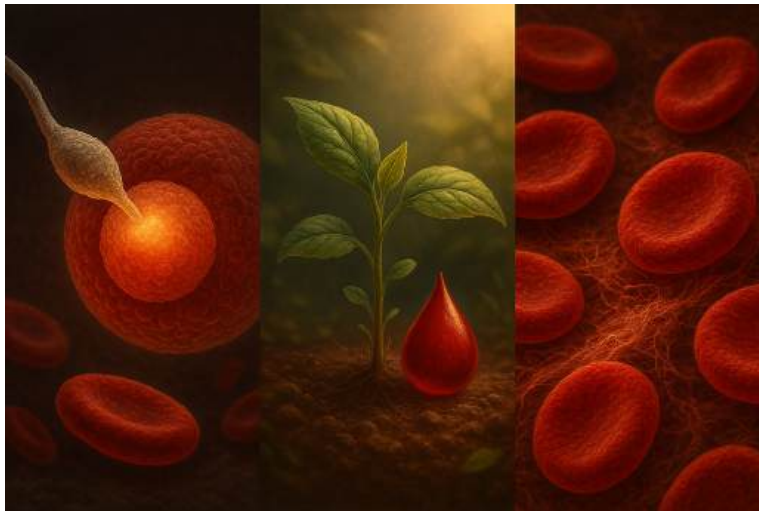

And the other thing is that people don't understand that when a sperm fertilizes an egg, a drop of blood appears. Out of one drop of blood, a whole foetus is formed. So blood is the primary element mentioned in lots of texts, from the Dead Sea Scrolls into the Koran, etc. And I love the fact that Hosea (prophet in Israel, 8th century BC) said – and also Moses said that “the foundational element for building blood is green foods.”

So blood is going to be the major source and is the major source for human energy. But it's also going to be used.

Your own blood is going to be used to power-up this technology.

So that's the first stage of death; it is called “ENERVATION”.

It's the first stage of **acidity**. And when *you're being robbed of your Life Force Energy*, the blood cannot donate electrons; it cannot biologically transform and repair itself. So there's going to be all kinds of health challenges, with your connective tissue, with your metabolism, with your anatomy, with your physiology.”

Also might be of interest:

Prof. Luc Montagnier from Milan, Italy left the Head of Virology at the University of Paris for going to China. Before he died, he went public with the following. He said, “*Well, I left because I changed my position on HIV. I never isolated a purified isolation of HIV virus.*”

He came up with a new term called “VAIDS, Vaccine Acquired Injury Disease”.

This is what's causing the problem.

4.

Dr. Young continues:

„People are being systemically-poisoned. And this “Disease X” is in the new batch, which is this technology. It is in the new batch to hook people up to the Internet of Things and the Internet of Brains, in the next release of the Influenza Vaccine.

Folks, the flu is not a disease!

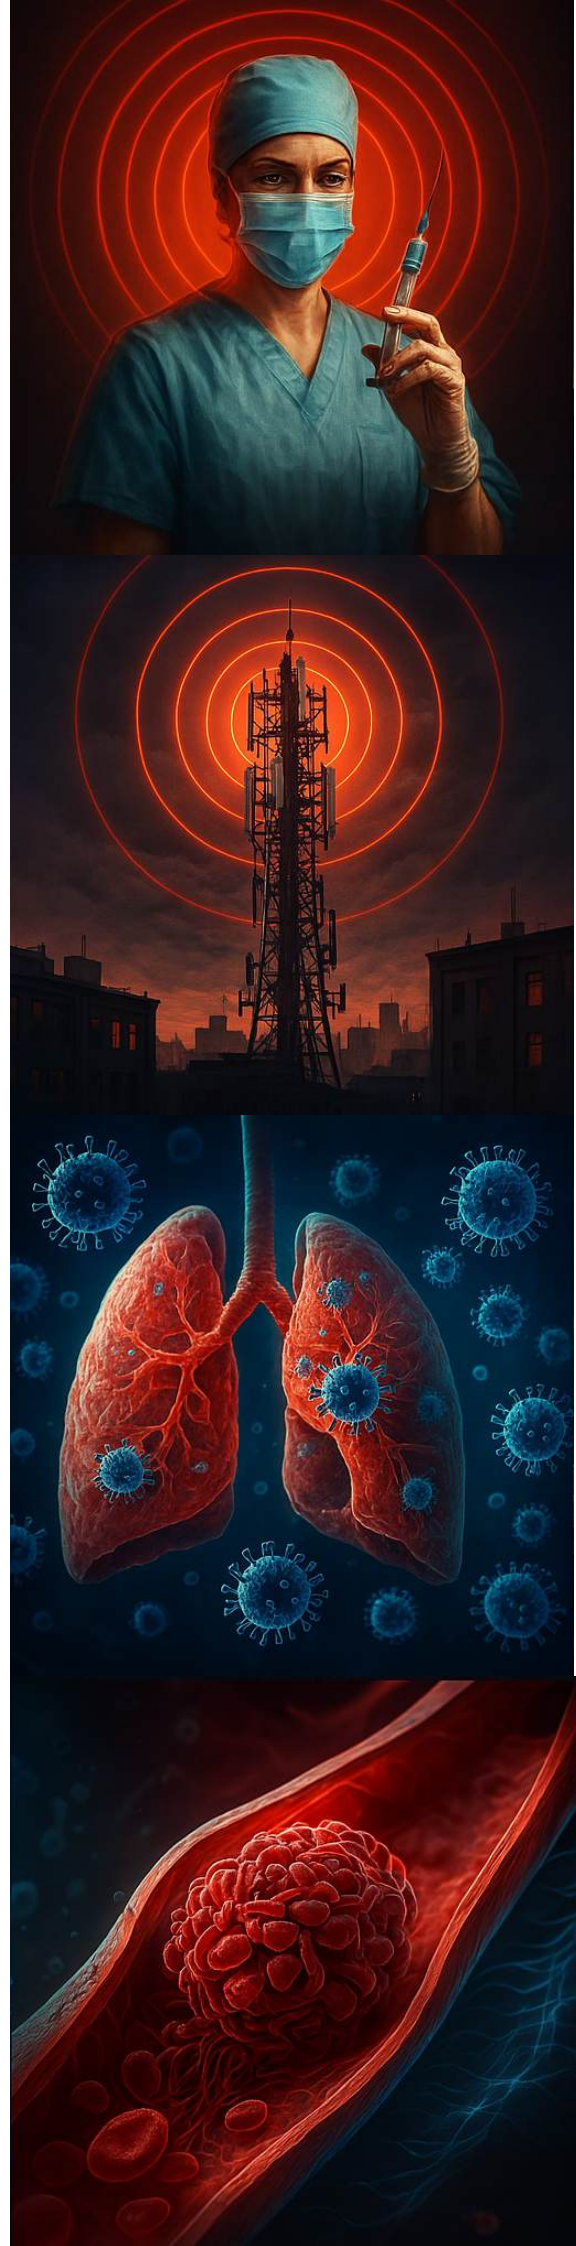

The flu is a symptom of chemical and radiation poisoning. The body heats-up. You know, the temperature goes up to remove this. The cough comes. The catarrh happens, as a protection from the fact that you were just poisoned with the inoculation – or the transfection (transmitted infection) of those poisons.

Folks, “spike protein” is a transformation of body cells or blood cells, due to exposure of the chemical and radiation poisoning. There’s no virus, here. It doesn’t exist. What exists is chemical and radiation poisoning, and that’s what this will accomplish.

And I just want to emphasize that this technology is a weapon. *It is a weapon that causes pathological blood coagulation, blood clots, which then leads to hypoxia, which is the lack of oxygen and suffocation that will take place. And that will take place at 4G, 5G, or at 6G. It’s totally unsustainable.*

It’s flipping the surface charge, what is called Zeta potential of the surface charge of the body cells and reversing the polarity, leading to a cancerous cell. *This technology causes cancer because it changes the polarity of the cell, by changing and altering that, flipping it.* And this is why blood starts clotting and people go into oxygen or oxidative stress.

The DNA damage is just one aspect but the fact that this is foreign matter, there is an immediate rejection, once it’s introduced to your body. So there’s no way that any of this technology can be introduced without an immediate rejection of that technology. And this is what causes oxidative stress.

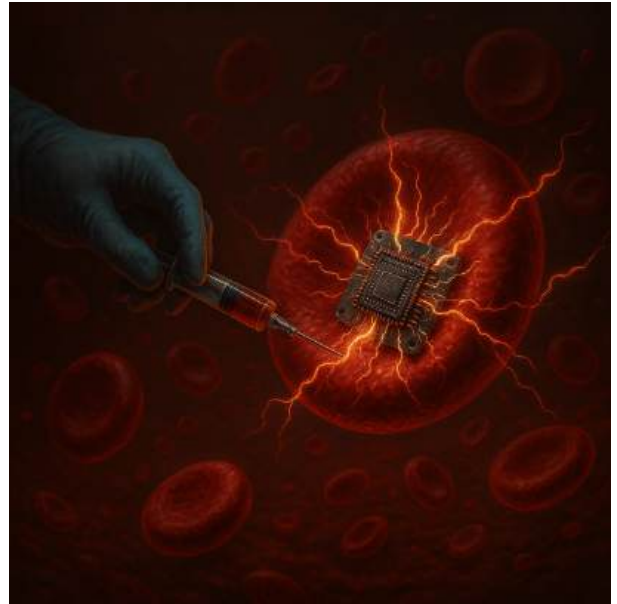

5.

The other thing – that's on the molecular level – this technology is seeking energy and it's being powered by the haemoglobin of the red blood cell. And in doing so, **it's sucking the life out of the electron/light out of the haemoglobin, which converts – listen to me carefully: converts light energy into electrical energy!!!.**

Folks, the body doesn't run on sugar. Your brain cells do not run on sugar. They run on electricity. The electron is the spark of life. That's being sucked out of the body.

So enervation is one of the major symptoms of this technology. You're always tired. You can't figure out why. You know, you sleep, but you're really not resting properly, because this technology is pulling Life Force energy out of you. So it's unsurvivable.

6.

Another serious effect: the potential for neurological damage. This technology crosses not only the blood brain barrier, but also the reproductive barrier. So here again, they can control reproduction. They can control – as you're trying to survive with this technology in your body – they can control what you're receiving and what you're transmitting.

So they can control behaviour with this. So what that introduces, then is the transhumanism, you know, of the human body. This is all being done without your knowledge. And guess what? It's happening in real time, right now. This is not the future. This is the future, now is being played out.

In January of 2020 when the COVID phantom virus came out in Wuhan, in particular, and we saw a lot of people dying in the street, fainting in the street. We saw some, **they call it white lung disease, which is the hypoxia. Wuhan City was the first city in the world literally to turn on all of its 5G antenna rays by the end of 2019. So there we go, turn it on. Human beings have never subjected to that kind of radiation before. And we saw a lot of people dying; blood coagulation, things like that.**

It is worth to remember and we shouldn't forget that the ideal pH and environment of the cell is **at 8.4 to 9 pH at a negative 80 mill volts. Never below 7.5."**

Herbarium

DAISY, ENGLISH DAISY

The English daisy has been known as a folk remedy for hundreds of years.

According to legend, Henry VIII ate English daisies to help with stomach problems.

It is an extraordinary herb which has anti-inflammatory, antiseptic and a vulnerary (improves circulation) properties. It also wards off bacteria and irritants from the surface of your skin.

A modern study of wild edibles daisies used during the war in Bosnia and Herzegovina (1992–95) showed that daisies contain 34 mg of vitamin C per 100 g.

The parts that grow above ground are used as medicine. Wild daisy contains chemicals called saponins. These chemicals might help skin cells produce more collagen. People use wild daisy for bleeding, cough, bronchitis, swelling (inflammation), wounds, and many other conditions.

It is a natural nontoxic alternative for skin brightening and treats the hyper-pigmentation and sun damage. The leaves of daisy flower heal the wounds and repair your damaged skin tissues.

Drink daisy tea for the plant's health-giving and restorative properties.

USES OF DAISY

- Arthritis
- Blood purifier
- Bronchitis
- Coughs
- Diarrhoea
- Astringent (helps to stop bleeding)
- Hyperpigmentation
- Kidney problems
- Liver problems
- Skin diseases, when applied to the skin
- Sun damage
- Swelling (inflammation)
- Wounds, when applied to the skin

Recipe

FLOWER COOKIES

Flowers are not only beautiful, they are delicious! Eating flowers has been popular since historical times. They add colour to our food, and we can use them as decorations for salads, soups, and desserts.

Ingredients

350 g flour

200 g butter

100 g powdered sugar

1 egg

a pinch of salt

2-3 tsp vanilla sugar

2-3 drops of rose essence

daisies (other edible flowers might be used as well, such as pansies, roses, elderberries, lavender, rosemary)

Oven temperature

180 C

Method

1. Rinse the flowers and dry the water from them with kitchen paper.
2. Knead the dough ingredients together.
3. Place the dough in the refrigerator for at least 30 minutes.
4. Roll out the dough. It might be easier if you put a baking sheet on it.
5. Cut rounds with a cookie cutter or a glass.
6. Press a flower into the centre of each cookie. If it does not stick well, water the top of the dough a little.
7. Place on a baking tray lined with baking paper.
8. Bake in a preheated oven for approx. 10 -15 minutes. Be careful not to let them brown.

JOKE

John Smith couldn't sleep, so his doctor gave him some sleeping pills. He took a pill that night. He felt well when he woke up, and he went to work cheerfully.

"I slept very well last night," he told his boss.

"That's good," his boss said. "But where were you yesterday?!!"
