

Hearing Only Positive Voices

(Completely Shutting out the Voices of Negative Energies)

SAINTES IES DORANES

[sɛntɛs iɛs dorɒnɛs]

This is one of the most important symbols. It protects us from all negative 'transmissions' and voices which attack our subconscious minds. This symbol places these voices and negative powers outside of our auras, and then sends them into the light away from us at the speed of light. There, the energy of light helps them either transform themselves or they can choose to be destroyed.

This symbol gives us the opportunity to only think our own thoughts. The voices implanted in our subconscious and in our thoughts, are the first efforts of the negative powers. This is where illnesses come from. That's why it's especially important to use this symbol.
